DEPARTMENT BADGE EMBLEM BID SPECS

- Digitizing – Approximately 11,640 stitches - 100% Embroidered
- Badges will have a Hot-Knifed Edge and a Heat Seal Backing
- Badge Sizes – 3” x 3” **and** 2 ½” x 2 ½”
- Estimated Quantity – 400 - 3” Badge to be sewn on all 5.11 Tactical Shirts and Jackets.
- Estimated Quantity – 100 – 2 ½” Badge to be sewn on all Ball Caps and Watch Caps.
- A sample Badge Emblem for each size will need to be provided.
- Please refer to picture for color and details.

The embroidered badge should replicate the badge pictured immediately above, using the same color scheme. The patch shown above depicts a three inch patch that is to be affixed to a polo style duty shirt by first heat sealing the emblem and then fully stitching the perimeter. Additionally this same patch is to be reproduced in a smaller size (2 inches to 2 ½ inches) so that it fits neatly onto and is proportionate to the front of a ball cap immediately above the bill of the cap and/or knit watch cap's fold. For the smaller version of the badge, the word "Corrections" is to be removed and the abbreviation "D.O.C." is to replace it. The "D.O.C." lettering is to be black in color and of a size that is visually compatible with and in proportion to the rest of the lettering of the badge. Both sized versions, must be produced in both gold and silver base colors to note the distinction between officers (silver thread) and supervisors (gold thread). Additionally, please note the darker grey area immediately outside each of the red and silver stripes of the flag. That grey area, created by computer graphics, was added and should be viewed as merely a continuation of the silver portion of the embroidered patch. The area should be done in the silver or gold thread (as appropriate) to allow for a single color of thread to be used when fastening the patch to each shirt.
