

Questions and Answers
11-016 One Ton Salt Spreader

1. Yard capacity of the salt spreader?
3 to 4 yard
2. You need a 26" spinner chute if mounted in a dump bed ILO 12"?
It is a dump bed, so yes I will need the longer chute
3. Does truck have hydraulic pump large enough to handle the spreader?
Truck will be equipped with a pump large enough to handle spreader and/or dump bed.
4. Item # 11, does truck have spreader controls installed in cab now??? If not what hydraulics do you have in truck now?
Controls will be mounted in cab and hydraulics will be run by transmission mounted PTO pump.
5. What size of truck do you have F-550 Ford?
This unit will be mounted on a new truck, so I don't have the truck yet to give him exact information
