**About St. Charles County Parks and Recreation:**

*The St. Charles County Parks & Recreation Department was created in 1997 after voters approved a local use tax with the sole purpose of park land acquisition, development, operations, and maintenance. The department's mission is to preserve natural and historic features in areas throughout the county for the use of future generations. Today, the department operates 17 parks that total 3,947 acres of acquired park land. From historic homesteads to a youth skate park; from camping, hiking, biking, and fishing to weddings and educational classrooms, there's something for everyone in St. Charles County Parks.*
