Bridgeway Revises Protocols, Charges Dismissed

St. Charles County, Missouri- The Office of the Prosecuting Attorney Tim Lohmar announces that charges have been dismissed against two employees of Bridgeway Behavioral Health Center. In December, two employees were charged with Interference with Legal Process, a class B misdemeanor, when they prevented St. Peters police officers from executing a search warrant for a fugitive who was a patient at Bridgeway's St. Charles facility.

Bridgeway has consulted with its legal counsel and has developed a protocol that addresses the issues which led to criminal charges. The Prosecuting Attorney is satisfied that if a similar situation were to arise again, law enforcement officers will be allowed to perform their official duties while permitting Bridgeway to respect the confidentiality of its clients.
